

Phonics and Reading Schemes

The school does have a number of schemes which are used throughout the school, although mostly within Key Stage One which are:

- ✳ Rigby Star;
- ✳ Nelson PM Scheme;
- ✳ Oxford Reading Tree;
- ✳ Sunshine Spirals;
- ✳ Oxford Literacy Web
- ✳ Collins Pathways.

As well as these, we also have a number of 'other' books accessible for children to read. The key thing is that children's reading is closely monitored and the books given are carefully chosen to ensure they offer the appropriate level of challenge.

IF YOU EVER HAVE A QUERY ABOUT THE READING MATERIAL PROVIDED FOR YOUR CHILD, PLEASE DO NOT HESITATE TO CONTACT THEIR CLASS TEACHER WHO WILL BE EXTREMELY HAPPY TO DISCUSS YOUR CONCERNS.

Maths Schemes

To promote continuity, progression and high challenge, the school now follows the mathematics framework published by 'Focus'. This is aimed at children from Year One to Year Six and follows the National Curriculum closely. It provides high levels of challenge for all children and encourages all learners to deepen their own mathematical understanding as well as critical thinking, essential to promote progress within the subject.
