

Belmont Primary School Newsletter October 1st 2021

Dear Parents / Carers,

The first day of October and we certainly know that the autumnal season has arrived! Fortunately, the weather held for long enough to ensure that the numerous visits which were planned this week could take place without disruption.

With the decline in weather in mind, please ensure that your child or children have clothing appropriate and that it is named. Gloves and hats can easily be separated from their owners but just as quickly reunited if they are named!

Off Site Activities

As alluded to above, there have been several trips out this week with Key Stage One visiting Preston Park Museum and Years Three and Four travelling to Saltburn. It is wonderful for us to be able to, once again, offer a range of enrichment activities and visits and, moreover, I am delighted (although not surprised) to share with you that we have had numerous reports of the outstanding conduct of all Belmont children. To receive such glowing compliments, not just from members of our own party but also members of the public, simply reinforces the sense of pride we have in our children here at Belmont and I have shared this with them all. Many thanks to all who helped support the visits to ensure they went ahead and this includes parents and carers who came along and members of staff who either attended the trips or organised them.

Cross Country

Following on from last week's report, the 'second round' of the cross country championships took place on Wednesday and, once again, the children competed magnificently with the word used many times to describe their participation being 'determination'. Well done to all children who took part and, following this, we have five children who will be representing the school next week in the finals day at Stewart's Park. Again, thanks to all involved.

New Diary Date!

One of our two outstanding PD Days has now been allocated for Monday 28th February 2022. The school will be closed to pupils on this day as staff will be receiving training.

Parent / Teacher Consultations (Parents' Evenings)

As mentioned on a previous letter, these will take place on the 18th and 20th September (or the 18th and 19th for Mr Wood, Mr Harper and Miss MacSween's classes). The online booking system should now be live and details of how to access are attached.

Running Club

Hopefully the weather will not cause any disruption unlike this week! Next week's days for running club are as follows:

Monday: Y6
Tuesday: Y3
Wednesday: Y4
Thursday: Y5

Many thanks as always for your continued support and hopefully, the weekend will allow us to get outside without taking a soaking!

With very best wishes,

Yours Sincerely

Mr C Gibson
