Headteacher: Mr. C. Gibson

15th July 2022

Dear Parents / Carers,

Sports Day

It was fabulous to see so many of you attend the event yesterday and to see all of the children so involved in all of the activities. Thank you for all of the comments you have shared with us saying how much you enjoyed the day and I have shared these with Mr Sweetman and his team who planned and organised the activities and also the staff who supported them. I can tell you that the results have been collated, counted and checked by our independent adjudicators and the winners of the KS1 / Reception Sports Day with 169 points was the Red Explorers. The Key Stage 2 event was won, with a score of 240 points by the Red Explorers also! Well done to every participant who demonstrated fantastic enthusiasm as well as sporting attitudes.

Weather Warning!

I am pretty sure that you will be aware that there is the suggestion of some warm weather early next week. We would encourage children strongly to attend school with an appropriate hat and wearing a high factor sunscreen. I would also suggest children wear their school polo shirt with a pair of shorts (PE ones are absolutely fine) in order that they are as comfortable as possible on both Monday and Tuesday. This may not be necessary for the remainder of the week but of course, we will keep an eye on this.

Lunch Money / Breakfast Club Money

As mentioned previously, we have a considerable deficit in lunch & breakfast club money, currently almost £800.00. Please could we ask that any money owed to school is paid at your earliest convenience. If you have a child currently in year 6 all outstanding balances must be cleared next week.

If you are having difficulties with this, please contact the school office where all discussions are held in the strictest of confidence. Many thanks

Friends of Belmont Summer Fair

Don't forget this is being held today 4:30 – 7pm. The proceeds from this are fed back into school so that all children benefit. Please come and support us.

End of Term

Just to remind you all that our last day is next Thursday and we finish at the normal time of 3.10pm.

Wishing you a pleasant weekend and do take care in the sunshine, particularly on Sunday where it would appear the temperature begins to rise.

Yours Sincerely,

Mr C Gibson
